Synopsis Books:

In need of advice? Just want to sound off? Opening this volume is like grabbing lunch with a fellow designer to commiserate or celebrate and to learn the ins and outs of design. Good habits are found in every part of the design process, from promoting yourself well in order to land the client, to working with that client, to achieving the desired results on press.

365 Habits of Successful Graphic Designers reveals solutions from a wide range of freelance designers whose years of experience have helped them find not only the most creative solutions for their clients' design needs, but also the most successful solutions. With a rich compilation of material from previous publications by the authors, this book also focuses on the daily habits that inspire these designers to stay creative and business strategies to be successful when working on your own.

In its pages, noteworthy designers, both past and present, working in fields ranging from graphic design, fashion, architecture, typography, and industrial design sound off on every topic, ranging from deadlines, inspiration, competition, rules, respect, education, and handling criticism—all with a certain amount of irreverence. Their thoughts are boiled down into succinct, quotable quotes and one-liners that exemplify their character and demonstrate their philosophy on the world around them. Enjoy reading thought bites from everyone from Art Chantry, Margo Chase, Ed Fella, John C. Jay, Hideki Nakajima, Stefan Sagmeister, and Rudy VanderLans. The insights of these top designers will help guide other designers in both approach and execution of designs that succeed for their clients.
