Synopsis Books:

May 1915. As zeppelin bombs fall on London and with the sinking of the Lusitania, anti-German hysteria reaches fever pitch and attacks on German immigrants surge. Not even the West End of London is immune. Jacob Stein's bespoke tailoring business comes under brutal attack, leaving his safe ransacked, his daughter, Ruth, raped and traumatized and Jacob dead. Inspector Harvey Marmion is detailed to the case and faces an uphill struggle to track down the perpetrators, even up to the chaos of the Front Line. But was the murder as opportunistic as it first appears, or did someone with a deadly grudge plan the attack?REVIEWS Cleverly plotted, well written and invoking the atmosphere of the time, I heartily recommend this book as an excellent read. I am delighted to see that this is the first in a new series and I look forward to the next one."Lizzie Hayes, Mystery Women"A strong plot, plenty of action and solid writing make the novel a good read for lovers of historical mysteries. The characters are fleshed out with details of their homes and families, giving readers interesting glimpses into ordinary life. This is a novel men will enjoy and might well get the reluctant young male reader interested in history."Historical Novels Society"
