## Synopsis Books:

My name is Louise Banks and Im the only child of Paul and Elsie Banks, Rock, Cornwalls richest couple.

All of my life, the whole town has known and liked me and when I fell in love with Kyle Masterson, the towns golden boy, everyone rejoiced. But two years ago, Kyle left our home for work and I never saw him again. I didnt know why he left, where he went or if he was ever coming back. That was two years ago and a lot has changed since then, like, Im now with Chris, hes nice. I have a great group of friends and despite whats happening in my life, I can still smile.

But now Kyles back. With his fianc.

Everyone thinks that my sudden change for the worst is because of them, they think Im going to try and stop the wedding. I dont bother correcting them, I let them think what they want because the reality is so much worse.

I have a secret.

One thats no getting any better and one that Im never going to get over.

My life is changing in ways that I never thought possible.

Im not the girl I once was, I cant be, if I was, I wouldnt survive this.

When everything does come crashing down around me, I find help in the most unlikely of places, and it takes time and energy that I just dont have.

I wont give up though, not if I still have some fight left in me.

If I knew that I wasnt the only one keeping a secret though, this would have gone in a completely different direction and maybe, just maybe, I wouldnt be so lost.
