Synopsis Books:

Jon and Julie Radcliff are facing the last Christmas of a marriage in trouble. The love they once shared has been tattered by time and torn apart by divergent goals. Their teenagers, Christie and Jordan, are rebellious, and their youngest child, six-year-old Ashley, is showing the hurt and confusion of her family's turmoil. Yet somehow the Christmas season must be gotten through even if it is only a game of let's pretend we are the way we always were. The perfect place for this make-believe is the Oak River Plantation in Virginia, a place of simple values, far from their sophisticated and difficult life in Miami. Here the Radcliffs are promised a traditional Christmas with all the Yuletide trimmings. So imagine their surprise when they are met by the quaint couple in charge, Jesse and Clarissa Wainscott, dressed in costumes dating from before the Civil War. Have they somehow entered another world that spans the gulf between past and present? Before Jon and Julie and their children can uncover the secrets surrounding their mysterious but marvelous hosts, they become aware of some profound truths about themselves. And suddenly they discover that love lost can be found again, making the bond of marriage and family strong enough to survive, even triumph.
