He is her cousin and a straight A student trying to juggle football and a medical degree.

Adopted as a baby, there isnt anything twenty-one year old Jackson Hayward wouldnt do for the people who raised him. But the last thing on his mind is to follow in his fathers footsteps and become a doctor. And Jackson has a secret of his own. He isnt the perfect son his family are led to believe.

A forbidden romance they never saw coming.

Sent away to live with her Aunty and Uncle in Australia, as punishment for her latest stunt, the last thing Harper wants is to be babysat by her over-achieving, do-gooder cousin, Jackson. He is moody and overbearing, but theres something about him that Harper cant seem to ignore.

Jackson didnt mean to fall for the rebellious wild child. But seeing small glimpses of her true personality shine through made it impossible not too. He knows the secret she keeps is the reason behind her destructive behavior and he is willing to risk whatever it takes to try to help her. But can something so broken ever be truly fixed? And can someone with painful secrets of his own save her without getting caught up along the way?
