## Synopsis Books:

Wynsome Olivet has mystifying style and unapologetic worldly experience. Her background, mixed with Daniel Robert's convictions of holiness, cause so much strain on their budding college romance that it begins to unravel. Daniel's cousin and polished businesswoman, Michelle Larsen has an explosive fight with her son's father that disrupts her tidy world and changes their lives forever. Jodie Sutton is admired by her church family, relatives and friends but privately, she fears she is living a double life. How can she dare to believe that her life can turn around after all the times she has let men degrade her? In the end, all will have to make or reaffirm a commitment to Christ. Will they view all the loss around them as reason enough to ignore or deny Him?
