Synopsis Books:

ASHES is a YA paranormal thrill-ride. Book 2 in the gripping Arson trilogy.

MORE THAN THREE MONTHS HAVE PASSED SINCE ARSON AND EMERY WERE SUDDENLY TAKEN. TAKEN AND THEN SEPARATED. AND EXPERIMENTED ON.

The minds running Salvation Asylum have abducted them for a dark purpose. A campaign has been set in motion to genetically alter mankind. Unknowingly, Arson has become the most vital instrument in this global scheme, initiated by a select group of brilliant scientists and cunning world leaders. Confused, trapped, and unable to fully manifest his abilities, Arson faces a new existence crawling with questions. Will he ever see Emery again? Is Grandma still alive? Can the fate of the human race really hang in the balance of one choice?

Nightmare and reality collide in Ashes, book two in the gripping ARSON trilogy. Love will be tested. Powers will shift. And the past will invade the here and now as Arson discovers a part of himself he has never before known and fights against his own shocking origins. Will this boy who once tempted fire be able to take on a fearful future? When the struggle intensifies and secrets come to light, will Arson be ready to accept the haunting revelation that there may be others out there, others like him?
