## Synopsis Books:

*A Thousand Splendid Suns*, the spectacular new novel by Khaled Hosseini, follows on the heels of *The Kite Runner*, Hosseini's best-selling first novel. This book tells the dramatic story of an unlikely friendship between two women, Mariam and Laila, who are married to the same man. The story takes us through each of their lives before the Russians enter Afghanistan, into the horrible years of Taliban rule, and beyond. Watching these women grow in their relationship, we are given a picture of what it has meant to be a woman in Afghanistan during the last four decades. The novel lifts the veil of these women and shows the reader the female face of Afghanistan's population. Readers can use Bookclub-in-a-Box to unravel and be sensitive to the exceptionally difficult situation in Afghanistan today, to appreciate the intricate nature of human endurance, faith, hope and resilience, to explore the complex relationships of Afghanistan's sons and daughters to each other and to the world at large, and to find out what Hosseini and others envision for Afghanistan's future. Every Bookclub-in-a-Box discussion guide includes complete coverage of the themes and symbols, writing style and interesting background information on the novel and the author.
