Synopsis Books:

For Savannah Rae, the thought of living in her picture-perfect world was almost too much to comprehend. With her dream job, a family she could finally call her own, and the beginnings of the best chapter of her life, she still couldn't shake the unnerving feeling that it was all too good to be true.

The thought of a life without Savannah was incomprehensible to Tate Connors. Never in his wildest dreams did he think he would find his girl in the form of a sassy, stubborn, beautiful Australian. Finally he had the girl and life he so desperately wanted, but he still couldn't ignore the fear that it would crash around him.

When Tates past becomes his present and Savannahs present becomes her past, the possibility of a future together collides head-on with reality.

In her darkest days, the words Just Breathe provided a peaceful comfort to Savannah from the heavens above. Now as she and Tate go down the path of new beginnings, brutal endings, and the constant craving of a happily ever after, they are anxious to learn how to Breathe Again.
