Synopsis Books:

The night my best friend Gracie disappeared, I had a nightmare.

A monster loomed from the shadows around the campfire. I ran. The thing stretched after me...

I woke gasping, afraid it might somehow be true. Gracie could always make me feel better - but she didn't respond to my email. Not that night; not ever.

That's what lead to my summer camp counselor job here near Gracie's home. Hiking and canoeing fill every moment but I don't forget why I'm here. I'm going to find Gracie.

The camp-owner, a famous Native seer, isn't any help. Her herbal healing and Spirit Bear talisman won't help find Gracie.

There's the local ranger and my campers, but will they believe me? I'm alone with this. Somehow, every step toward Gracie takes me nearer to something scary. This is a mystery I must solve.
