Synopsis Books:

Anna Ryan is a woman on a mission. Shes sassy, pretty, petite, and ready to reenter the dating world after a messy divorce. She will kiss a few frogs, but thats okay because she needs the practice. As a romance author, one would think she knows about sex. Sure, she can bump and grind, but what she desires is passion hot, steamy, mind-blowing chemistry.

She capitalizes on the instantaneous lust with Chase Harris, deciding he is Frog #1. Sucking up her anxiety, she proposes a plan no man can refuse sex with no strings, no commitment, and complete control. The catch is he must teach her "to make love" and do it for the next twelve days, a Christmas present to herself. The confirmed playboy is intrigued by the idea and takes it a step further by using the traditional carol The Twelve Days of Christmas to illustrate each lesson.

Anna needs to sow some wild oats so that means letting him go, even if Chase says he loves her. Bachelors talk a good game, so why does the intense look in his eyes have to be so real? Like he means it? Like she isthe one?

Publisher's Note: This book contains explicit sexual situations, graphic language, and material that some readers may find objectionable: anal play.
