Synopsis Books:

A troubled American woman travels to a small Ontario town, determined to find the mother she has never known. As she searches through dusty records and stirs up old memories among those around her, three young people emerge from the mists of the past: a beautiful woman named Jenny, a shy local boy named Russell, and a dark-eyed painter named Tom, who changes the course of Jenny and Russell's lives. Historical reality and conjecture are skilfully interwoven with intrigue and suspense as these three move unwittingly toward tragedy.
