Synopsis Books:

Merman Rigel the Hunter has prayed for an end to his people's curse. Immortality has come with a high price--loneliness. When a beautiful human female--Lyra Harne--is thrown into the ocean, her fate is in his hands. Unable to deny her, he saves her, but at what cost? Living in the lost city of Atlantes, women are rare and this sexy mortal is more than this hard up warrior can resist.

Is the beauty Rigel saves a gift from the gods? Or just another part of their curse? Temptation and desire are no match for fate, and the truth of Lyras shipwreck just might prove too much for this underwater affair.
