## Synopsis Books:

Oskar ist Komponist moderner Stcke, wie etwa seinen Variationen ber Trambahnfahrplne, und mit einer amerikanischen Kunsthdlerin verheiratet. Er lebt in einer osteuropischen Hauptstadt mit seinen beiden Katzen, die er nach russischen Komponisten benannt hat. Aber eigentlich geht es in diesem Buch nicht um Oskar, denn der ist gerade in Kalifornien, um sich scheiden zu lassen. Deshalb beauftragt er einen alten Freund aus Studienzeiten, in seiner Abwesenheit auf die exquisit eingerichtete Wohnung aufzupassen, auf dass seine Katzen und besonders der kostbare Holzboden keinen Schaden nehmen. Aber natrlich geht schief, was schiefgehen kann, eine Katastrophe reiht sich an die nchste, und trotzdem geht die Geschichte dann am Ende gut aus.
