Synopsis Books:

Poti face un numar infinit de lucruri intr-un timp finit? Este universul infinit? Cum sa traim intr-un univers in care nimic nu e original si in care tot ce poate fi facut e intr-adevar facut si refacut la nesfarsit? Acestea sunt doar cateva dintre intrebarile spre care ne conduce ideea de infinit. Cartea infinitului ne introduce in lumea raspunsurilor stranii date de fizicieni, matematicieni, filosofi si teologi in incercarea de a "domestici" o notiune ce ameninta judecata noastra sanatoasa.
