Synopsis Books:

Love is a bumpy, wonderful and sometimes painful ride. Annie has loved Brendan Clark ever since she first saw him walking across their college courtyard. But with her dyed black hair and black lipstick, she's invisible to guys like him. When at a party they're forced to talk, he has no idea what to do with all the shadows and sarcasm. Devastated and invisible, Annie must decide-does she have the courage to take off the mask, rip down the wall, and show her true beauty? "Wow, just wow...fantastic job of completely grabbing my attention right from the beginning of book one and has yet to let it go...I'm expecting a lot more tears and screaming from ME before this is all over. I CANNOT WAIT." - BookwormBetties.com "I think an exaggerated cry left my mouth...Kudos for creating an enticing tale...I can't even tell you how addicted I am to this series." -SmutAndBonBons.com
