Synopsis Books:

Jackson, Alpha werewolf of the Appalachian pack, has problems. His most trusted friends are gone, his Beta is convinced another werewolf stole his mate, someone in his pack is trying to steal his job, and his woman is on the run. When everything comes to a head at once, the situation quickly escalates to deadly levels.

Summer Lambert, the last single hold out of the witch cousins, has a relaxing and solitary two-week mountain vacation planned. She's outraged to learn the whole trip was a ruse by Jackson to get her to his home, and once trapped there, she's not happy to find herself drawn deeper and deeper into his world.

As the sparks fly between Jackson and Summer, his enemies move into position. Will he be able to outmaneuver them before his pack, and his mate, become their prey?
