## Synopsis Books:

Amanda Harcourt had one scorching night of incredible sex with Conleth Maguire on a Galveston, Texas beach ten years ago. Then shed left Con for a career in New York City. Shes back in Galveston now as the interior designer for the weird and wacky Castle of Dark Dreams, a theme park attraction. Old memories surface when she finds out that Con has been hired to paint the castle. Because no matter what she tries to tell herself, shes never forgotten him or the rose tattoo on his hip.

Con remembers everything about Mandy, including the blue butterfly tattoo on her round little behind. And now that shes back, hes determined to make her realize what she abandoned so many years ago. Namely, him.

He wants to paint the castle in darkly erotic colors. Shes into understated elegance. But they agree on one thing. Even grumpy wizards, telepathic cats, and voyeur plants wont stop them from finishing what began on that beach.
