Synopsis Books:

I like my sex rough and my women restrained.

So declares Alexs captor, shortly after theyre mated in a ritual of vengeance. Though her body lustfully yields to her new mates dominant will, her mind is only too aware of the tumultuous past they share. She and Tory fought side by side in the military until he was exiled for treason, an accusation leveled and proven by Alexs own brother.

Tory is determined to take revenge on the family who falsely accused him and to win back the woman hes always loved. If he cant win her heart, though, hell settle for her body preferably tied up, flogged and begging for him. When they find themselves in the middle of a brewing civil war, they have to learn to trust each other with more than just their bodies. If they cant, humanity itself may pay the price.
