Synopsis Books:

n Delirul confruntarea cu fatalismul istoriei, n viziunea lui Lev Tolstoi, este o tem la vedere, o tem recurent. La fel ideea lui Preda despre rolul personalitatii (bune sau rele) n istorie. Un individ demenial, plasat n structurile puterii, poate provoca un dezastru uman, zice prozatorul, cu referire la Hitler. Adugnd: iar dezastrul este contagios, rul n istorie se rspndete ca o molim, n fine, o decizie luat n cabinetul lui Hitler are efecte dezastruoase ntr-un sat pierdut n Cmpia Dunrii...

Delirul este un roman substantial cum am scris la apariia lui i cum cred i azi, dup 35 de ani , nu un mare roman (ca Moromeii i Cel mai iubit dintre pmnteni), dar un roman curajos, cu scene formidabile (povestea de iubire rustic de la nceput), bine lucrate, uneori foarte subtile (ezitrile medicinistei Luchi, sinceritatea ei derutant) i, n genere, Delirul mi se pare i azi, cnd l recitesc, o carte care i asum o tem grav: cum trec trei-patru tineri printr-o mare tragedie a istoriei. Citind-o, cititorul trece, oricum, bine, satisfcut, gnditor, nelinitit, uneori sedus de profunzimile creaiei romaneti din interiorul unei istorii imposibile.
