Synopsis Books:

Jewel at 33 is a Princess in her own right.

She's a fun-loving, demanding Diva who loves to shop as much she loves to write. Jewel is the apple of everyone's eye--be it her doting family, her doctor for her never-ending bowel issues, her pushy book editor and especially her frugal husband's soft spot. So, what's Jewel 's weakness? Her pet dogs: Snowie and Dolly. Particularly, naughty Snowie who is known to pee wherever he fancies--including Dolly's face!

For Jewel, her physical disability doesn't dampen her spirits. Rather, it enhances them. She gets to use an unusual fashion accessory (Imagine: A hot pink elbow crutch.) She gets out of doing housework. She gets carried up-and-down stairs like a Princess a la command. Jewel may be horribly messy, terrible with numbers and a workaholic, but nobody can imagine life without her. Not that she would let them, anyway! She has a big mouth, remember?
