## Synopsis Books:

There is little doubt that the inerrancy of the Bible is a current and often contentious topic among evangelicals. *Five Views on Biblical Inerrancy* represents a timely contribution by showcasing the spectrum of evangelical positions on inerrancy, facilitating understanding of these perspectives, particularly where and why they diverge.

Each essay in *Five Views on Biblical Inerrancy* considers:

the present context and the viability and relevance for the contemporary evangelical Christian witness;

whether and to what extent Scripture teaches its own inerrancy;

the positions assumed/implied understandings of the nature of Scripture, God, and truth; and

three difficult biblical texts, one that concerns intra-canonical contradictions, one that raises questions of theological plurality, and one that concerns historicity.

*Five Views on Biblical Inerrancy* serves not only as a single-volume resource for surveying the current debate, but also as a catalyst both for understanding and advancing the conversation further. Contributors include Al Mohler, Kevin Vanhoozer, Michael Bird, Peter Enns, and John Franke.
