Synopsis Books:

You know how it is. Weve all experienced it while driving. You suddenly realise that you have no idea where you are, or what your destination is. After a few seconds light dawns and you remember where you are going.

But what if light didnt dawn? What if you continued to know nothing before that moment? You have no idea where you are, who you are, or why a bunch of nutters is trying to kill you. The only thing you know is that you have to run for your life...
