Synopsis Books:

Casey Daniels has a past forged in Hell. Despite the friends, the endless supply of women, and the muscle car he spent years restoring, it still eats away at him.

Grace Paterson is in Sydney as a temporary bassist for Jamieson, the band Casey handles security for. Shes also infuriating, off-limits, and completely irresistible.

A deal is struck, and despite their intense and powerful connection, both think it will be easy to walk away. But life can be more ruthless than either of them ever imagined. Not only does Grace have a secret shes desperate to keep, Casey has questions from his past that hes willing to do anything to get answers for.

Its not until someone wants one of them dead that Casey realises his love for Grace is the one thing he could never walk away from.

In a story of revenge, betrayal, secrets, and love, Casey will need to reconcile his past with his present, before the future he never knew he wanted is snatched away.
