Synopsis Books:

Green: A Field Guide to Marijuana is required reading for a new generation of curious and sophisticated pot smokers. Presented in an eye-popping package and filled with hyperdetailed photography of individual buds, this essential guide to marijuana is smart, practical, and exceedingly beautiful. The "Primer" section explores the culture of this complex flower and explains the botany that makes each strain unique. The "Buds" section describes the variations of lineage, flavor, and mental or physical high that define 170 exceptional strains. Poised to become the go-to marijuana guide for recreational and medicinal users alike, *Green* is easy to pick up and impossible to put down.
