Synopsis Books:

Olivia Marsden has enjoyed a fulfilling job with a top NYC publishing company, until the sacrifice of talent for the "bottom line" starts to take a toll on her. All she has to look forward to is the daily grind and a lonely evening at home with takeout--until one day, three weeks before her self-centered sister Fiona's big wedding, she receives a strange phone call from the subject of her darkest, most secret fantasies...

Cole Evans is a high powered corporate lawyer with way too much on his plate. Six months prior to his brother's tying the knot, he spots the full-figured Olivia Marsden at the engagement party, and from then on, his mind is trained on one thing--possessing the lush temptress who haunts his dreams at night and stokes the flames of his deepest desires.

All it would take is a good plan, an unusual proposal, and a touch of trickery to pull off this game of sizzling seduction...

And in this game, there could be only one winner...their fierce passion for each other.
