Synopsis Books:

Kevin Halloran had defied his lofty family tradition in order to wed lower-class Lacey Granger and he'd been a better man for it. Surely, then, there was no dragon he couldn't slay to honor and protect his beloved bride. Yet time and tide proved unstoppable... and youthful passion was eclipsed by doubt. Worse, white knight Kevin took a near-mortal blow. Would Lacey be able to slay the dragon of time so that this fallen knight would rise again?
