## Synopsis Books:

Best friends Leo and Blair share everything a workplace, a house, and even women. When they meet the mysterious Ally she seems destined to be another notch on their bed posts. Yet one night of passion has them wondering if theres more to life than an endless string of meaningless hook-ups and if their wild Ally Cat might be the one to tame them both.

Ally figures fooling around with a couple of hot firefighters is a one-time deal. Her over protective family can barely stand the idea of her having one boyfriend. Introducing them to two could cause mass hysteria. But after one night of lethally hot loving, shes seriously tempted to go back for more

Even though, when they find out who she really is, theres every chance Leo and Blair will run screaming for the hills.
