Synopsis Books:

ATTENTION READERS!

The follow up to Hung is now available! [Come: a Forbidden Romance](#) is just as ridiculously over-the-top filthy as Hung! [Come see me on Facebook](#), and add me as a friend while you're there!

WARNING: YOU SHOULDN'T BUY THIS BOOK.

This book is the reason you need a password to unlock your Kindle, to stop people from discovering your dirty little secret... To stop people from learning that you're a naughty girl at heart. This book is *filthy*.

Romance? There's nothing romantic about this story. If you want romance you should go away and read something else. Pick any book that has a couple kissing in the rain on the cover. If in doubt, read Nicholas Sparks. He's OK.

This is a book to be read late at night, under the covers. It's a book to be read with your Kindle in one hand and your favorite toy in the other. This is a book that comes with a free orgasm.

This book will make you wet.

You have been warned.

Plot? No, not really.

Jill Travers is a young woman. You don't need to know more. It doesn't matter. She's not even real. I made her up in my head.

Josh is a young man. He doesn't have a surname. Would you care if he did? I don't. He's a literary device, designed for one thing and one thing only: to make your feel that tight, warm, delicious feeling between your legs. He's designed to make you *wet*, and he's batting a perfect game.

Josh and Jill's parents married last year, and - thanks to the price of Manhattan real estate - these two step-siblings are forced to share a bedroom.

Oh, don't give me that look. You know *exactly* where this is going.

This book is just long enough to get you off.

Now go and fetch your favorite toy. It's time.

A message from the author:

Hi. I wrote this.

I wrote this book because I asked my readers what they wanted from me. In fact, I asked several thousand of them, and their answer was loud and clear. They told me they wanted to read the kind of stories I used to write, back when I was one of the most popular erotica authors in the world... before I started writing bestselling romance novels... before I toned down the sex to appeal to a wider audience... before I sold out for the money (though the money IS good).

They wanted something dirty. Something forbidden. A book they'd feel ashamed for enjoying, but unable to forget.

This book isn't for you.

This book is for them.

If you're not over 18, you really, honestly don't belong here. Go away.
