**Return to the realm of the Immortal Brotherhood with a new paranormal romantic adventure featuring a crew of Viking warriors condemned to live out eternity as were-creatures...**

*In her Defender's strong arms, she has no defense...*

Part of a band of Viking warriors cursed by an evil sorceress, Torvald has searched for years for a magic that can free him from his fate to live forever as a were-creature, a man by night, a stallion by day. While studying with the alchemist to Queen Elizabeth, Torvald meets the lovely widow Josian Delamere and hopes she might be the one woman who can save him.

Unwilling to give up the independence of her widowhood, Josian expects to become merely lovers, but Torvald's tender seductions make her yearn for more. Just as shes poised to surrender her heart, a hidden enemy reveals Torvald's secret to her and she flees the dark magic that surrounds him, in fear for her very soul.

The proud warrior can win any battle, but he cannot surmount the pain of losing Josian. Yet when her life is threatened, he will risk it all to come to the defense of the one woman who means more to him than his own salvation...
