Synopsis Books:

Katie Blackwell loved Michael Kerrigan from the first moment he stopped her at an outdoor festival when she was fourteen and he was sixteen. For two years Michael and Katie were inseparable. They were each other's first loves; they experienced all their firsts together.

Finding out she is pregnant at sixteen was not part of Katie's plan. When she goes to tell Michael, he informs her he has been accepted to an Ivy League school and has no intention of staying in Denver to play the role of teen dad.

Scared and alone Katie has to decide if she is going to terminate her pregnancy or keep the baby she already loves.

Nine years later Katie and Michael will cross paths and secrets will come to light. Can mistakes be forgiven? Can first love be rekindled or will past heartache and betrayal be too much to overcome?

Katie and Michael's story is book three of a seven book series involving The Kerrigan Siblings and Friends.

All books are standalone and have a Happily Ever After for the main characters.

These books will contain extremely dark subject matter and the couples face a lot of hardships before they find their HEA.
