Synopsis Books:

Not really. I'm just misunderstood.

Of course, that's not how the judge saw it.

That's how I wound up at freaky Blackthorn Academy. Talk about boring. There isn't even a mall nearby. I mean, what did they expect a girl from Beverly Hills to do?

Also, from the start I could tell there was something really weird about Blackthorn:

The headmaster, Mr. Kim, knew way too much about me.

The class schedule features Intro to Code Theory and Microelectronics.

A whole section of the school is off-limits.

Then the FBI showed up ... and Mr. Kim disappeared.

Well, here's something Mr. Kim didn't know about me: Rachel Buchanan never gives up when there are secrets to uncover. Watch out, Blackthorn Academy
