Logan Clay has the talent, and hes put in the time.
All he needs is that one big break,
just one chance to prove he has what it takes to be a rockstar.
But his musical dreams are further away than ever
And then she walks in to his life,
offering him everything hes ever wanted fame, fortune, and music.
Theres no question that hes going to take the chance,

Will it be too late when he realizes his one big break
was actually a deal with the devil in a short skirt and neon colored hair?
