## Synopsis Books:

From the bestselling author of the Booker Prize finalist **The Map of Love** an incisive collection of essays on Arab identity, art, and politics that seeks to locate the mezzaterra, or common ground, in an increasingly globalized world.

The twenty-five years worth of criticism and commentary collected here have earned Ahdaf Soueif a place among our most prominent Arab intellectuals. Clear-eyed and passionate, and syndicated throughout the world, they are the direct result of Soueif's own circumstances of being like hundreds of thousands of others: people with an Arab or a Muslim background doing daily double-takes when faced with their reflection in a western mirror. Whether an account of visiting Palestine and entering the Noble Sanctuary for the first time, an interpretation of women who choose to wear the veil, or her post-September 11 reflections, Soueif's intelligent, fearless, deeply informed essays embody the modern search for identity and community.
