Synopsis Books:

Outside Collin Fitzpatrick's dorm room is a dangerous place. Beyond his door the students of his small, conservative college think he's straight, as does his Catholic family who'd disown him if they learned the truth. Inside, he's safe with his incredibly sexy roommate Tanner D'Amico. Their room makes a perfect place to hide away and fall in love. The moment they cross the line from roommates to lovers, Collin becomes caught between their heavenly passionate encounters and the hellish reality that someone might find out and destroy everything. Tanner's not used to being so confined, and wants to show the world how much he loves Collin. But Collin's not sure he's ready for the impact stepping outside will make.
