Synopsis Books:

Brynne Bennett is living the good life. An American art student at the University of London and part-time photographic model, shes putting her life back on track with school and lots of hard work. When ultra successful London businessman, Ethan Blackstone, buys her nude portrait, he isnt taking no for an answer. He wants Brynne in his bed and makes plans to keep her there no matter what. His dominant nature captivates and ensnares despite the demons she carries inside her. But there are secrets in this relationship. Huge ones. Can Ethan free Brynne from the past that has marked her? Will Brynne let him or will the specters tormenting her resurface to destroy them both

"That picture changed everything. I was not the same after I saw it and I couldn't go back to the man I'd been before seeing it either. Not after we met that night on the street. My whole world altered because of a photograph. A photograph of my beautiful American girl." --Ethan Blackstone
