Synopsis Books:

He's watching. He's waiting. He knows.

Three women have been found brutally murdered in south London, the victims only feet away from help during each sadistic attack. And the killer is getting braver . . .

Sarah Grainger is rapidly becoming too afraid to leave her house. Once an outgoing photographer, she knows that someone is watching her. A cryptic note brings everything into terrifying focus, but its the chilling phone calls that take the case to another level.

DI Mike Lockyer heads up the regional murder squad. With three bodies on his watch, and a killer growing in confidence, he frantically tries to find the link between these seemingly isolated incidents. What he discovers will not only test him professionally but will throw his personal life into turmoil too.
