Synopsis Books:

The victim of both a brutal attempted rape and now a serial stalking, Halley Davis is broken, and desperate to glue the shattered pieces of her life back together. Tormented by a psychopath and battling a heavy dose of anxiety, sex and dating are the last things on Halley's anxiety-ridden mind. That is, until she meets the man who rescued her from the hands of a would-be rapist. With a body made for sin, a wicked, sexy tattoo and an aura that screams badass, her rescuer not only calms the storm of terror raging inside her mind, he ignites a passion within her she's never known before.

Tired of using meaningless sex to drown out the horrors of his past, Nick Ackart has sworn off women. In fact, if women were classified as meat, his ass is Vegan. Despite his determination to remain unattached, Nick is unable to stay away from the emerald-eyed beauty he rescued from a sadistic pervert. Immersed in a tangled web of sexual desire and deep emotion he was certain was long dead, he vows to protect Halley from the monster hounding her, even though he stands to lose his heart in the process.
