## Synopsis Books:

Claire Hastings, professor at a prestigious womens college, has retreated to an isolated cabin in Maine in midwinter to work on the book that will guarantee her tenure, but shes having trouble finishing it. Then disgraced journalist Jonathan Daulton stumbles into her cabin late one night, soaking wet and bleeding from what seems to be a gunshot wound. She recognizes him from a romantic encounter at a conference years earlier, one shes been trying desperately to forget. Much to her relief, and embarrassment, he doesnt appear to remember her.

When Claire learns that Jonathan is suspected of killing an FBI agent, she urges him to turn himself in immediately, but Jonathan has other ideas, all of which involve her. As he points out, if the FBI finds that she has been harboring a fugitive, she can forget about that peace and quiet she wanted. Then he shocks Claire by faking her kidnapping.

Entangled in whatever Jonathans mysterious troubles are, Claire finds herself on a frantic odyssey from Maine to New York City, figuring that the only way to clear her name is to clear Jonathans. As Jonathan gradually reveals that his real goal is to stop what he believes is a terrorist plan to assassinate the First Lady at a United Nations event, Claire knows shes in over her head.
