## Synopsis Books:

Fate may be trying to hold back Paige Levine, but Paige has other plans. After a traumatic childhood, the spirited redhead worked her way through college and into a job in the Governor's cabinet. But when a steamy scandal threatens to pull her under along with the guilty parties, Paige finds herself unemployed. Miserable, she seeks solace in tequila shots and a steamy encounter with a gorgeous delivery guy. Little does she know that the deliveryman is actually Leo Savas, powerful shipping magnate and just the man to give her a job when she desperately needs one.

As Leo's glorified gopher, Paige slowly wins her handsome boss's trust and his heart. But when the scandal at the Governor's office hits the papers and Paige finds her good name unfairly tarnished, the woman who's worked so hard for everything wonders if her new life and new love are lost forever.

From the bestselling author of *Break Me Slowly* comes a sensual new story in her Sweet Torment series, about letting passion be the ultimate boss.
