Synopsis Books:

Elizabeth and Tara*Starr are totally different. Tara*Starr wears glitter and sequins, loves to be the center of attention, and has two parents who won't grow up. Elizabeth is shy and quiet, hates being the center of attention, and lives in a house where possessions are more important than feelings.

Of course, Elizabeth and Tara*Starr are best friends.

Then Tara*Starr moves away, and the two girls must continue their friendship through letters. At first, this is no problem. But then their lives begin to change-sometimes for the better, and sometimes for the much worse. Can they stay best friends forever...or will the distance tear them apart?
