## Synopsis Books:

Jeanann Verlee s second book, Said the Manic to the Muse, takes a deeper, more focused look at the erratic, whimsical, ominous, and sometimes perilous ways manic depression functions. When unexpectedly delivered into life-changing tumult, the author experienced a rash of manic episodes and a severe depression which culminated in a psychotic break and eventual attempt to take her own life all in the span of a single year. Introduced through the careful prophecy of three archetypes: Medea, Jezebel, and Kali each a woman largely misrepresented and wholly misunderstood these poems detail the story of one woman s struggle to maintain both strength and sanity in the face of abandonment and aging. From dangerous trysts and barroom brawls to grief-induced psychosis, Said the Manic to the Muse recounts the year she lost everything, including her mind. The year of fire. The year of the river. The year she almost didn t survive."
