Synopsis Books:

*Mills & Boon Sexy series delivers what you love in contemporary romance - glamour and scandal in exotic locations*At thirty-five, Bella might be an expert on diamonds but she but she's still missing a big fat one on the third finger of her left hand. However, at least she has her successful jewellery business; with very interesting new client, William Cameron, aka the Duke of Hawksley, no less!

She's expecting portly and chinless; but actually Will's tall, dark and so distractingly good-looking it's hard to concentrate on his jewels! More of a surprise: this weird attraction between them is actually mutual. Urgent. And it catches them completely unawares in a black London taxi

All that glitters is not gold. All that sparkles isn't diamond. All men who turn you on aren't the real thing. But being cynical gets boring. Maybe it's time for Bella to throw caution to the wind!
