Synopsis Books:

Former Secret Service agent Alex Stone was the best of the best, so impersonating missing foreign dignitary Thomas Barde seemed easy. Convincing the world that rough-and-rowdy Melusine Brand was actually Katerina, Thomas's ultrafeminine bride and the president of Tantilla's beloved, was another story. And while Alex was not stranger to difficult assignments, hiding his history with Melusine bordered on impossible.

Physically, Melusine could have been Katerina's twin, but the resemblance ended there - something Alex was grateful for when their simple plan turned dangerous. As they tangled with terrorists in Texas desert, Alex wondered not only whether a future without Melusine was worth living, but would they survive to see any future at all?
