Synopsis Books:

Even for a techno-shaman, a kachina in the bedroom isn't exactly part of the drill. When Olivia Lawson wakes to find one towering over her, she panics. A Hopi god visiting the real world isn't just wrong-it's impossible. Or is it? Soon Olivia learns that the kachina is the least of her worries. As she struggles to save her clients, clashes with other shamans, and fends off the attacks of real-world vigilantes, Olivia finds herself in the destructive path of a malevolent ancient force intent on leaving the spiritual realm to conquer this one. Left with few options, Olivia is forced to defy centuries of shaman prohibitions. As she and her allies risk everything in their bid for survival, Olivia ultimately learns that the rules are there for a reason and that breaking them has a terrible cost.
