## Synopsis Books:

From author CJ Martn comes a new adult contemporary romance.

A professional snowboarder. A novice skier. An inevitable collision.

Anders Vik is a force on the slopes and he knows it. World number one. Countless endorsement deals. Looks to match. When a vicious scandal rocks his world everything hes worked so hard for is threatened. Banished by his coach to a local ski resort, he spends his days losing himself boarding and in numerous women. But when she crashes into his world hes not sure which will change his life more. The wait for his name to be cleared, or her.

College senior Elena Espinosa plays by the rules. Work hard. Study harder. Rely on no one but herself. Coerced by her best friends, she reluctantly tags along on the final trip during winter break. For Elena, novice skier is an understatement. She never dreamed a lesson on the bunny slope would send her hurtling towards her destiny. Nor did she imagine it would come in the form of a blue-eyed Nordic God.

She isnt looking for love. He doesnt do commitment. But what burns between them is so strong it threatens to melt the polar ice caps. What happens when two different worlds collide?

This is a standalone novel with an HEA. It contains mature themes, strong language, and sexual situations and is intended for mature readers.
