Synopsis Books:

Breathtakingly illustrated and hauntingly written, **Tales from Outer Suburbia** is by turns hilarious and poignant, perceptive and goofy. Through a series of captivating and sophisticated illustrated stories, Tan explores the precious strangeness of our existence. He gives us a portrait of modern suburban existence filtered through a wickedly Monty Pythonesque lens. Whether its discovering that the world really does stop at the end of the city's map book, or a family's lesson in tolerance through an alien cultural exchange student, Tan's deft, sweet social satire brings us face-to-face with the humor and absurdity of modern life.
