All modern American literature comes from one book by Mark Twain called *Huckleberry Finn*, Ernest Hemingway wrote. Its the best book weve had. A complex masterpiece that spawned controversy right from the start (it was banished from the Concord library shelves in 1885), it is at heart a compelling adventure story. Huck, in flight from his murderous father, and Jim, in flight from slavery, pilot their raft through treacherous waters, surviving a crash with a steamboat and betrayal by rogues. As Norman Mailer has said, The mark of how good *Huckleberry Finn* has to be is that one can compare it to a number of our best modern American novels and it stands up page for page.
