## Synopsis Books:

Delightfully witty and richly informative, *The Alarming History of Medicine* is a collection of anecdotes describing how the historical breakthroughs in medicine were really made. Using hilarious stories, based on actual facts, Richard Gordon shows that most of the monumental discoveries were originally accidents.

A must-read for hypochondriacs, doctors, medical students, and anyone fascinated by the world of medicine, *The Alarming History of Medicine* is clever, revealing--and *all* true.
