Synopsis Books:

Jared might be physically blind, but he has the amethyst eye his granny gave him, and there are things he can see perfectly well. When a mysterious stranger starts following him around the city, Jared knows that changes are coming, and he might just be looking forward to the excitement. Dante is more than willing to give Jared what he needs. It's been a long time since anyone has seen Dante for what he really is, and he knows it might be Jared, not the eye, who has all the magic he wants
